

## **Alliance Moving & Storage Partners**

Alliance campuses can access moving and storage services for its employees at a considerable discount – thanks to two local moving and storage partners.

### **Discounted services include:**

- **65% off interstate moving**
- **60% off storage during transitions**
- **Do-it-Yourself option**

### Steps to utilize this benefit:

1. To optimize the program’s operating efficiency for all stakeholders, we ask that each institution establish a primary relocation contact from their HR Department to confirm moving and storage services and share this information with our moving and storage contacts (listed below).
2. The institution’s primary contact should inform Jody and/or Tom (contact information listed below) of the moving and storage services to be provided by the institution, prior to the future faculty/staff member arranging their move.
3. In order to receive the terms and benefits of this agreement, incoming faculty/staff seeking a quote or arranging for a move need to contact Jody or Tom directly (see below) and identify themselves as an Alliance member.

### **Suddath Moving & Storage**

**(Agent for United Van Lines)**

Tom Stallard – Relocation Consultant
